TSX Venture - Bloomberg Article 11th March 2023

Equity Investment – Status Update

Now Live - ACH, FPS & SEPA Payments

On March 10th, 2023, RevoluPAY completed live testing trials of ACH – "Automated Clearing House" in Canada and USA, FPS – "Faster Payments Service" in the United Kingdom, and SEPA Instant - Single Euro Payments Area 27 countries. The Company is elated to confirm that these fundamental financial conduits are now live and operational. As central components of the Company's future, these transactional conduits are vital to the interoperability sought by worldwide RevoluPAY wallet holders who seek to embrace **open banking** as a cost-effective Highstreet bank replacement. Furthermore, these integrations are the key to the much-awaited launching and unleashing of some of our pending large-volume revenue platforms of **RevoluREALTY**, **RevoluFIN**, **RevoluBET**, and others yet unreleased publicity.

RevoluGROUP CEO, Steve Marshall, commented on this significant corporate milestone "*RevoluPAY users worldwide sought a venerable replacement for their costly checking accounts of old. One key requirement for this adoption to occur was the ability of RevoluPAY to deliver primary electronic transactions until recently the sole purview of Highstreet banks. Incorporating ACH payments and domiciled ACH billing for Canada and the US has long been the backbone of North American banking. For the UK, FPS, the Faster Payments Service directive, and the entire SEPA instant EU block 27 countries. RevoluPAY now runs head-to-head with regular banks. Our preemptive deployment of Open Banking is a testament to our future focus as governments around the globe gradually embrace decentralizing our financial future by bringing our banking onto our handheld devices.*"

Visa Direct – Planned launch May 2023

Visa Direct is, without a doubt, the next frontier for electronic payments. The ability to remit funds directly to any cardholder anywhere in the world would have seemed unthinkable just a few short years ago. On **August 4th, 2022**, RevoluPAY became an affiliate member of Visa, permitting the gradual inclusion of **Visa Financial Technology** into all facets of RevoluPAY. The Company is pleased to announce that it has begun the integration of **Visa Direct[®]** Technology and expects to begin live trials with select users on April 3rd, 2023. The Company expects the **Visa Direct[®]** Technology to be live for all RevoluPAY users by May 2023. Visa Direct will revolutionize how our users transact. We are honored to be one of the first financial institutions to offer its users this groundbreaking financial freedom and technology.

TSX Venture Exchange RevoluGROUP BNN Bloomberg Article

The Company informed its shareholders on the **21st of February 2023** of our honor to be ascended by the TSX Venture Exchange into the 2023 **Top 50 listed companies**, placing RevoluGROUP within the top three percentile of all 1724 TSX Venture listed companies. We again wish to thank BNN Bloomberg and the TSX Venture Exchange for the March 11th, 2023, **continued coverage of this accolade**. Furthermore, the TSX Venture Exchange has released our Top 50 corporate video on its official channel **Youtube, Here**.

Current Status of the Equity Investment

Further to the news release dated **9th of March, 2023**, the second addendum timeline agreed by the suitors during which they continue to consider said final transactional compliance approval should be granted, at the latest, is March 15th, 2023. As such, the remaining regulatory step is now final transactional compliance. The Company reminds shareholders that this step cannot and does not include RevoluGROUP participation. Shareholders will remain closely informed regarding the final step of suitor E.U. transactional compliance approval, which in management's opinion, is the final required step before management can submit to shareholders the entire equity investment terms and disclose the European Financially Regulated acquirers.
